### Day 1: Arrival in Jakarta

Arrive in Jakarta, start your arrival game in **Pantai Indah Kapuk (PIK) Golf Course!** Pantai Indah Kapuk (PIK) course is one of the Damai Indah Golf's Courses that is positioned beside the Java Sea coastline that integrates relaxing pools and gently winding streams which is deliberately positioned as water hazards and bunkers. The "Spirit of the Sea" was created to provide fresh perspectives within the unique 72-par, 6,048-meter golf course by carefully combining the natural beauty of the coastal wetlands to form a playable golf course rich with strategic diversity. The course is being described by many golfers as being washed away by the beauty of the course itself and they are able to enjoy the game without any worries. Even famous golfers such as Anthony Kang and Simon Dyson felt that they had to try out the course themselves. After golf, proceed to your hotel and check-in for 3 nights stay.

### Day 2: Jakarta (Breakfast)

Kick start your 2<sup>nd</sup> day with game in **Royale Jakarta Golf Club.**

It is more than just beautiful greens, fairways, panoramic views of Mount Salak and Mount Gede, golfers get to enjoy the International Championship style concept. Consisting of 27 holes with three sets of 9 holes (the North, the South and the West) with several levels of difficulty, Royale Jakarta Golf Club gives a fresh touch and poses a challenge for all golfers. The club stands out for it's never seen before greenery and its membership structure- there are no members. In fact, Royale Jakarta GC is determined to provide guests the well-known "member for a day" experience.

### Day 3: Jakarta (Breakfast)

Today's golf is at **Pondok Indah Padang Golf Course.** Designed and built for the 1983 World Cup of Golf and established in 1976, this course is a Jakarta institution. Ever since Rex Caldwell and John Cook of the USA sat on top of the world in 1983 as World Cup Champions, Pondok Indah has maintained its top ranking for its quality. While the course was built mainly for a much-admired international professional golf tournament, it is noteworthy how flexible the course can be, catering to golfers from different level. This makes Pondok Indah unique compared to the other golf courses.
