Pantai Indah Kapuk Golf Club

Pantai Indah Kapuk Golf Course is one of the Damai Indah golf's course that is positioned beside the Java Sea coastline that integrates relaxing pools and gently winding streams which is deliberately positioned as water hazards and bunkers. The "Spirit of the Sea" was created to provide fresh perspectives within the unique 72-par, 6,048-meter golf course by carefully combining the natural beauty of the coastal wetlands to form a playable golf course rich with strategic diversity. The course is being described by many golfers as being washed away by the beauty of the course itself and they are able to enjoy the game without any worries. Even famous golfers such as Anthony Kang and Simon Dyson felt that they had to try out the course themselves.

Hole 4, one of the most challenging holes requires one to land a well-placed shot and make critical decisions according to one's ability. A tee shot placed close to the water will give a better approach shot while a tee shot on the right would have less risk, but a second shot will be more delicate as the water along the left of the green comes into play. Hole 18 is unquestionably the most difficult hole of the course. It requires a combination of strength and good strategic planning. Just like hole 4, you are required to make one of the toughest decision. To go for an easy tee shot and have a long and difficult shot towards the green or to go for a difficult tee shot, risk entering the water; then the second shot will be much shorter and straight to the green.

For those who want to warm up or practice before tee-off, the driving range provides the best simulation you can find. The range is finely equipped green and practice bunkers. Pantai Indah Kapuk Golf Course close proximity to the sea presents the unique opportunities to incorporate the Java Sea into lakes and waterways that virtually surround every golf hole.

Apart from the golf course, the facilities alone are definitely worth a visit and will impress any of your non-golfing friends. The clubhouse offers all the luxuries golfers in Indonesia have become accustomed to, including a restaurant serving mouthwatering delicacies which tingles anyone's taste buds.

Designer	: Robert Trent Jones Jr.
Holes / Par / Yardage	: 18 holes par 72 (7146 yards)
