### Rainbow Hills Golf Club

Destined to take its place among the world's greatest course, Rainbow Hills Golf Club is one of Indonesia's finest Golf Courses. The architect of Rainbow Hills, J. Michael Poellot Golf Design Group (JMP) is one of the leading designers for courses across the world. Situated within the majestic highlands of the Bogor Region, this course takes advantage of a picturesque setting by carefully integrating the abundant natural gifts of the site into a spectacular golf landscape.

Rainbow Hills Golf Club is designed to accommodate and reward golfers of all level. Contrary to popular belief, length and power off the tee are not the most important elements to play well. You'll be required to make important choices by thinking strategically as you progress in this course. Finesse will be rewarded as this course encourages creativity and a well-placed shot.

Hole thirteen, the self-proclaimed toughest hole, with the best par fives you will play in Indonesia. Combining beauty, reward and severe punishment, this hole gives you a challenge like you have never experienced. Numerous bunkers await your drive off of a breath-taking tee box. Finding the fairway over one hundred meters below your feet is imperative, for any temptation to pull out the fairway wood to have a crack at it in two. Regardless of what your scorecard reads, rest assure that you will stroll away from the final green with pride and satisfaction feeling privileged to be able to complete this course.
