Royale Jakarta Golf Club

Calling out players looking for a challenge in the great game of golf, Royale Jakarta Golf Club gives you that and more. It is more than just beautiful greens, fairways, panoramic views of Mount Salak and Mount Gede, golfers get to enjoy the International Championship style concept. Consisting of 27 holes with three sets of 9 holes (the North, the South and the West) with several levels of difficulty, Royale Jakarta Golf Club gives a fresh touch and poses a challenge for all golfers.

Royale Jakarta Golf Club is proud to be the first club in Asia to use the latest grass type of Sea Isle Supreme Paspalum. It gives a consistent feel and is being planted in the entire grass area from tee box, rough and green. Also, it gives a reliable speed in accordance to the International standard.

Royale Jakarta Golf Club has created numerous key trends and establishes itself as one of Southeast Asia's premier tournament venues. Lee Westwood defended his title here in April 2012, when the Asian Tour's CIMB Niaga Indonesian Masters, presented by PNTS, visited Royale Jakarta. The club also stands out for its never seen before greenery and its membership structure- there are no members, in fact. Royale Jakarta GC is determined to provide guests the well-known "member for a day" experience.

The signature hole is reserved for the 9th holes on the South and West nines, a pair of strategic par-5s that mirror each other across a central lake, home to several black swans.

Royale Jakarta Golf Club is known as one of five greatest new golf courses in Asia, designed by Bob Moore Jr. & JMP Group, its green paradise model of extensive pastures decorated with Sea Isle Supreme Paspalum covers the 27 holes. It is combined with lovely purple carpets of exotic plants and the soothing splendor of the lake waters. It will give you an exciting golf and visual tranquility, a new and unbeatable golfing experience. In short, it is beautiful and challenging golf course located within the heart of Jakarta city.
