The Empire Country Club

Immerse in the breathtaking sea view as you line up your first tee shot at the Jack Nicklaus designed championship course. At 7029 yards, the course winds along the coast with amazing views and the sea providing strong winds across the tight fairways. The signature 15th hole is a 549 yards which stretches along the beach dotted with sprawling bunkers. The 18th green is pushed right up to the cliffs giving a captivating view of the sea and the hotel's six-story glass atrium.

For those who are looking to unwind and relax on the green, you will find that this course is truly one of Brunei's secret treasures. Designed by Jack Nicklaus, this magnificent 18-hole championship golf course has been called one of Asia's best and even provides night golf as a way to escape the tropical heat in style.

The Empire Country Club has some of the most premium golfing facilities in the Brunei. It boasts a floodlit 18-hole Jack Nicklaus Signature championship golf course that has played host to heads-of-state and royalty from around the world. Cliffs and ravines, tight fairways and large bunkers illustrate this overwhelming layout. The front nine overlooks the sea from high grounds, while the back nine reaches to the very shores, providing a dramatic finish. In 2005, the course saw Brunei's debut on the international professional golfing circuit with the Brunei Open. The golf course has been awarded the Best Golf Resort in Asia Pacific by Asian Golf Monthly in year 2010 and 2011. The course's driving range has 26 covered bays with target greens from 50 to 200 meters. There is also a putting and chipping green.
