Black Mountain Golf Club

Black Mountain has everything you would expect from a world-class golf resort. On top of being acknowledged as one of the best championship course in Asia, it is the only course in Thailand ever named in Golf Digest's Top 100 Courses outside the region of USA.

At Black Mountain Golf Club, you will experience golf at its very best in a natural and beautiful setting, with amazing vistas from almost every hole. The golf club offers a challenging yet highly enjoyable design and tour-standard conditioning.

Since its opening in 2007, Black Mountain has hosted three Asian Tour events, including the 2014 King's Cup held in January, the co-sanctioned Asian Tour and European Tour event True Thailand Classic, and has won a string of international awards, including best course in Thailand for the past four years in a row, and "Best Course in Asia Pacific" 2014.

The par-3 course may be the best you will ever play. Set in a natural valley, there is water on every hole –requiring accuracy and mental focus, just as you need on a full-length course!

Outstanding service, the most modern carts and electric buggies available – yes, you can walk the course if you wish – first-class practice facilities and a modern clubhouse overlooking the course make Black Mountain golf experience the best you ever had. The practice facilities – with greens, bunkers and chipping areas replicating those on the course – mean you can work on your golf game under actual playing conditions.
