Imperial Lake View Resort & Golf Club

The Imperial Lake View Resort & Golf Club offers 36 holes of golf in Hua Hin. The golf course is warmly received by both residents and visitors to the area and is situated inland, surrounded by small farms and fruit orchids on a large parkland parcel. For many golfers, this is the most beautiful and smoothing golf course in Hua Lin.

The Imperial Lake View 18-hole A-B course features small streams and a large lake segregating the course in two segments. This, together with mature trees, blind shots to some greens, undulating fairways and several doglegs, test the skills of experienced and seasoned golfers. One of the toughest holes, the long par 3, 14th hole features a tee box on a small island and the green on another island, 210 yards away, entirely surrounded by water. There are quite a number of easy holes, making the course manageable for golfers with higher handicap.

The desert course (course C) is specially created such that each hole is different and each shot must be carefully planned. Combining these nine holes with those from the main course provides an extremely rewarding round of golf. The Lake View links course (course D) opened in late 2006, add a further nine holes to the three 9-hole golf courses. The course stretches over a relatively open area with some trees between the holes.

The clubhouse at Lake View is simple and provides a smoothing atmosphere coupled with fine cuisine. The changing facilities are spacious, a grass driving range and short game practice areas are available for all golfers. The clubhouse also features a pool with golf course view and spa.
