Tee-off for your 1<sup>st</sup> 18-hole of golf at the **Lost City Golf Club**, light lunch at halfway house and golf cart are included.

In the evening, your welcome dinner will be served in a local restaurant.

#### Sun City Main Hotel

*The Sun City Hotel is the hedonistic heart of the Sun City Resort. The ambience of the Hotel is one of glamour and sophistication. From the moment you enter the foyer your senses are assaulted by the bold design aspects and dramatic setting. The central area has been transformed into a jungle of lush foliage, cascading water and life-like boulders, encircling fast moving slot machines. The hotel's view comprises a magnificent landscape of subtropical gardens and a sparkling swimming pool.*

#### Lost City Golf Course

*Lost City Golf Course, Sun City, North West Province, South Africa / The course was carved out of undulating and rocky terrain. Situated over a hill from the Gary Player Country Club, the Lost City's layout is different in character. With the wide fairways and receptive greens it is a fantastic golf experience for golfers of varying standards. The Lost City golf course covers more than 100 hectares and incorporates 28 000 square metres of water features - not surprisingly Golf Carts are compulsory. **SIGNATURE HOLE** The most hazardous area of the Lost City Golf Course is the 13th hole. Inhabiting the water hazard are Nile crocodiles, some of them nearly two metres long. Golfers are discouraged from retrieving their wayward balls from the croc infested pool. The unusual water hazard is just one of the features that make the Lost City Golf Course exciting and interesting to play. No effort was spared to make the course a masterpiece.*

### DAY 2: SUN CITY (Breakfast, Lunch)

This morning, gear up to swing for your 2<sup>nd</sup> round of golf at **Gary Player Country Club – ranked no.3 in South Africa** (home of the NedBank Golf Challenge). Lunch at halfway house and caddy are included.

### SIGNATURE HOLE

They're all good at the Gary Player Country Club, but for risk and reward the stand-out is the 9th. Play this par 5 from the forward tees and then have a go for the island green with your second and thrill to the challenge of this superb test of golf.

### Gary Player Golf Course

The Gary Player Country Club is acknowledged as a difficult and demanding course. Since 1981 it has been home to the Nedbank Challenge. The course requires stamina and accuracy from players. The comparatively flat nature of the golf course is misleading - water hazards, cunningly sited bunkers and pins hidden away on kidney shaped greens makes up for the lack of gradient. The course is immaculate with generally wide kikuyu fairways and bent greens. Although this parkland course is fairly flat, the many water hazards, cunning sited bunkers (the fairway bunkers have just been deepened) and hidden pin placement make up for the lack of gradient. This course also cuts through the African bush leaving the fairways with only the bushveld as a border.
