Dear Perlin,

I sincerely thank you for the kind assistance and service provided. Though there were some issues before the trip, due to some of the students pulling out last minute, but I still think the trip is a great success. I truly appreciate your help with the head-counting, ensuring the smooth flow and also taking care of welfare. I believe my manager (Lap Chan) is also full of praises for the arrangement/service. I think we will definitely return to Pinnacle Travel for future trips.

Thank you very much.

Regards,
Vanessa
